# MOHAMMED FAISAL ELORM

BECOMING ONE OF THE BEST SOFTWARE DEVELOPERS, ARCHITECTS, AND  
PRODUCT MANAGERS

WEBSITE DEVELOPER	MOBILE APP DEVELOPER	IT PROJECT MANAGER/ PRODUCT MANAGER
UNIVERSITY OF GHANA, LEGON	UNIVERSITY OF GHANA, LEGON	UNIVERSITY OF GHANA, LEGON
Designed and developed websites using HTML, CSS, JavaScript, TypeScript, Tailwind and React.js, including a portfolio site and a bookshop website with dashboard features. Built multiple projects via Frontend Mentor challenges to enhance frontend skills. Demonstrated strong team collaboration in delivering user-focused web solutions.	Developed React Native mobile applications, implementing intuitive UI components and optimizing performance for a seamless user experience. Built and refined cross-platform apps, integrating state management and exploring API functionalities to enhance app interactivity. Collaborated effectively in team projects, ensuring scalable and maintainable code structures.	Gaining experience in Project Management with a strong eagerness to learn and develop essential skills. Utilized Slack and Jira for team collaboration, task tracking, and workflow management. Proactively seeking opportunities to enhance my project coordination and leadership abilities.
